Hello Nicole:

The USB drives with McKenzie electronic files should be delivered to your office tomorrow. Note due to a technical issue, we had to save one zip file to a second drive. The zip file on the second drive is "SDNY_AIA003" which is part of the "DOCS PRODUCED BY MAF" folder in the discovery file.

Good evening –

The USB drive that you sent was only for 16GB which was insufficient for the files. I replaced it with a 128GB drive. We started the process yesterday and the data continues to transfer particularly due to the large size of discovery files produced by other parties and additional files.

I am traveling tomorrow and unavailable but the transfer should be completed next week.

Thanks,
Bridget
